Reference: Canine Kite and Cheryl Phillips

To Whom it May Concern:

This letter is to serve as a letter of strong support for Canine Kite and his handler Cheryl Phillips. In my position as Coroner for Anderson County, I am task with one of the many difficult jobs of dealing with families that have suffered a loss of a family member and locating those family members.

Therefore, having assets such as the ability to search large areas for a deceased and/or live individual is extremely important and very valuable tool. I'm sure I do not have to tell you the advantage of having a well-trained canine and handler that is able to perform these types of missions. These are typically very difficult missions and with the right tool can result in a life saved and/or simple closure for a family that has suffered a very tragic event.

My office has utilized the services of these two individuals and needless to say, my staff were extremely impressed with their ability. I therefore would like to offer this letter as support and as a reference for the ability of this canine service provided by Canine Kite and his handler Cheryl Phillips.

If you require any further clarification from my office, please feel free to reach out to us.

Again, Thank you for the service you provide.
